

# Are you struggling with fuel poverty?

1

## Energy Support

Foresight is a charity in Grimsby that is helping people in the North East Lincolnshire area that are in need of energy advice. This service can give financial advice for those who meet the criteria.

2

## Food & Hygiene Parcels

We are working closely with the community to provide food and hygiene parcels which include tinned foods and basic hygiene products to those in need of our support and require energy advice.

3

## Warm Parcels

We are working to support our community further with warm clothing parcels. These are for single adult households and family households who are struggling in these cold winter months that are receiving energy support through our service.

4

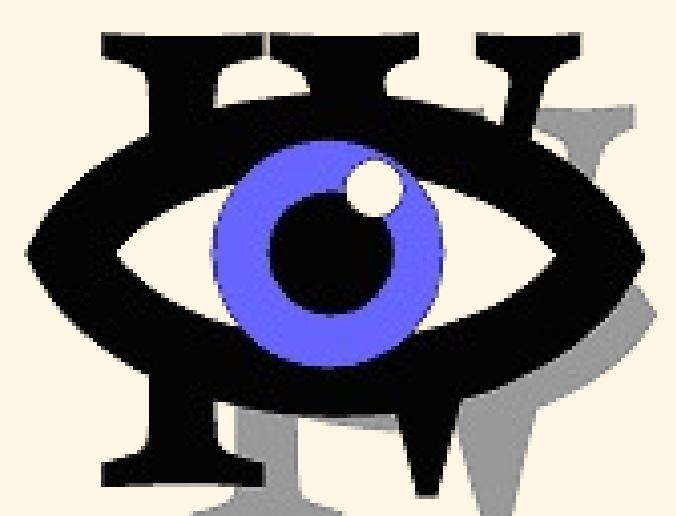

## How to contact us :
